

# QUICK. GRAB IT.

SOIVA-MASTIC  
**WFR930**

Our patented solvent-based adhesive grabs faster and holds stronger than any other wood floor adhesive, virtually ending hollow spots and expensive call-backs. It won't etch the finish. It spreads and cleans up easily. And it meets environmental standards all across the U.S.A. Stauf innovations have set the industry standard. Stick with what works.

Stick with what works.
